

Building Up the Church Life in the Homes
Training and Exercise (1)
From Gospel Contacts to Vital Companions

Do you want to see living, vital, fruitful church life in the homes?

Do you want to see new ones built up in your homes?

Do you want to see the saints in your home/district related as vital groups?

*A training and exercise conducted in YOUR OWN HOME

*A training and exercise conducted by YOU

*A training and exercise specifically aimed at bringing NEW ONES into the VITAL GROUPS

The training and exercise consists of twelve weeks of commitment, during which time the NEW ONES will be cared for and linked up with individual saints (your HELPERS). By the end, these related individuals (HELPERS + NEW ONES) will become VITAL GROUPS.

The course comprises 2 elements:

A training session of once a week, with all the HELPERS and NEW ONES participating, going through topics for new believers,

A daily practice between the HELPERS and the NEW ONES where HELPERS call up or meet up with NEW ONES in the principle of the VITAL GROUP.

If you are interested in sponsoring such a training and exercise in your home, please sign up through the Training Register section of the website. There is also a 4-hour orientation in the Videos section and a package in the Download section. It will be very EASY. The orientation and package will explain how to start the training and exercise in your home.

(*Note: You can be a brother OR a sister. Of course, if you are a sister, you will only be conducting the training and exercise with other sisters. You can also sponsor such a training and exercise if you do not have a home—you can do it over the phone, the internet, or in the office, or at a public place)
