

Building Up the Church Life in the Homes

Training and Exercise (2)

Building up a Gospel living---From Vital Companions to Gospel Companions

Do you want to see a vital, fruitful gospel living full of new ones?

Do you want to build up a spiritual habit of contacting people, loving people, and caring for people?

Do you want to create a healthy spiritual environment around you?

Do you want to turn your new ones into your gospel partners?

- ★ A training and exercise conducted in YOUR OWN HOME
- ★ A training and exercise conducted by YOU
- ★ A training and exercise specifically aimed at bringing VITAL COMPANIONS to become GOSPEL PARTNERS

The training and exercise consists of twelve weeks of commitment, during which time the NEW ONES will be cared for and linked up with individual saints (your HELPERS) TO BECOME GOSPEL PARTNERS. By the end, these related individuals (HELPERS + NEW ONES) will become GOSPEL COMPANIONS.

The course comprises 2 elements:

A training session of once a week, with all the HELPERS and NEW ONES participating, going through topics for new believers;

A daily practice between the HELPERS and the NEW ONES where HELPERS call up or meet up with NEW ONES in the principle of the VITAL GROUP. (*Note: this is an important aspect of the training because it aims to build up a **habit of exercise**)

If you are interested in sponsoring such a training and exercise in your home, please sign up below. You will be given a 4-hour orientation and a package on April 7 (One time only). It will be very EASY. The orientation and package will explain how to start the training and exercise in your home.
